

Visitation and Patient PIN Code Information

Important Notice for All Visitors

The health and safety of our patients, their families, and our staff remains our top priority. Aliso Ridge Behavioral Health supports patient confidentiality at all times via the process of individually assigned patient codes.

Assigned Patient PIN Code: _____

Nursing Office Hours: In support of our treatment schedule to meet the needs of our patients (or to provide undivided attention to your loved one), we have open Nurse Office Call Hours daily from 3-4 pm/10-11 pm and can provide you updates about your loved one during those times. You can call the unit to speak to your loved one any time of day but please keep in mind that the goal is for the patient to attend scheduled groups and phone calls can be disruptive to the treatment schedule. We support your loved one to attend group programs so please attempt to call outside of group times.

Patient Phone Call Notice: Patients are encouraged to make outbound phone calls during free time to allow for attendance in group sessions. Patients have scheduled free time daily from 7:00- 8:00 AM, 6:00- 7:00 PM, and 8:30-9:30 PM.

- Only **two** patient visitors are allowed in a group per day.
- Visitors will be limited to 15-minute intervals during the week and 30-minute intervals on the weekend to allow for all patients to have time with loved ones.
- Visitors **must** be at least 12 years of age, and children cannot be left unaccompanied in the lobby.
- **The Women's Pavilion allows the patient's children ages 3+ to visit ONLY on Saturdays and Sundays. The children need to be accompanied by an adult, other than the patient, at all times.**
 - (Children under the age of 3 will need the Physicians APPROVAL PRIOR to the visit)
- Adolescent patients are only allowed **immediate family member visitors** unless approved by the patient's physician.
- Visitor behavior needs to follow hospital policy while visiting, and not to bring in any contraband items.
- Visitors will be required to leave personal belongings in their car or in the visitor lockers located in the lobby.
- Emotional Support animals/pets are **not** allowed inside visitation (Approved Service Dogs are allowed).
- All patient belongings drop-offs will be collected **after** visitation (family bringing items for the patients in visitation).
- We highly suggest arriving 10-15 minutes prior to visitation start time to allow adequate time to check-in.

We take these proactive precautions to protect our patients, staff, and the community we serve. We are sensitive to the separation this restriction causes our patients and loved ones, but we believe that these measures of protection are necessary at this time. Thank you for your ongoing cooperation.
